

Marie Curie conferences and training courses - call for proposals

Record Control Number: 23211

Date: 2005-01-19

Category: Tender

General Information:

The European Commission has published a call for proposals for Marie Curie conferences and training courses under the mobility activity of the Sixth Framework Programme (FP6).

These conferences and training courses will enable junior researchers to benefit from the experience of leading researchers. Support will be given to specific training activities (including virtual ones) that highlight particular European achievements and interests.

The total indicative budget for this call is 12,250,000 euro

Remarks:

The deadline for submitting proposal documents is 18.5.2005.

Before contacting the Commission, tenderers are strongly advised to consult the original call text in the Official Journal of the European Union at the reference below.
